ELOQUENT

EVALUATION OF GENERATIVE LANGUAGE MODEL QUALITY AND
CHARACTERISTICS

Jussi Karlgren

Aarne Talman

Magnus Sahlgren

Ekaterina Artemova

Ondrej Bojar

Stergios Chatzikyriakidis

Timothee Mickus

Vladislav Mikhailov

Erik Velldal

Lilja Øvrelid

Second ELOQUENT edition

Will your LLM give the same topic to all of us?

Can your LLM write convincing dictionary definitions?

Does your LLM agree with humans?

Can your LLM fool a classifier into thinking it is human?

Is your LLM really clever? Can it mark its own homework?

- Can your LLM keep track of a .. eh ... hey ...
- What?
- ... thought?
